

A Statement of Condolences Regarding the Martyrdom of the Commander Badr Mansoor, May Allah Have Mercy upon Him

By Ustadh Ahmad Farooq May Allah Protect Him

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Praise be to Allah, the Lord of all that exists, and may prayers and peace be upon the Prophet of mercy and the Prophet of epic battles, Muhammad Al-Mustafa, and upon his family and companions, and a thousand salutations. Thereafter:

O beloved Pakistani brothers!

As-Salaamu Alaikum Warahmatullahi Wabarakaatuhu

A few days ago, one of the journeymen of Hijrah and Jihad went to his Lord. After all his body parts had gone on the blessed path of Jihad in the name of Allah, after he had been a thorn in the neck of the enemies of Islam for over 15 years on the Jihadi battlefields of Kashmir, Afghanistan, and Pakistan, one of the sons of the Ummah and the courageous military leader and a delight of the eye for the Muhajireen and supporters of Khorasaan has prevailed. He was beloved by myself and by all the colleagues and relatives and loved ones. He is Commander Badr, may Allah have mercy on him with martyrdom. We consider him thus, and Allah is his Reckoner.

And this hero, who belonged to the soil of passion in the province of Sarhad, was martyred by the bombing of his house that lies in North Waziristan by the American drones, based on Pakistani intelligence information.

May Allah accept his martyrdom and raise his degree and make him follow the Prophets, the righteous, the martyrs, and the good people, and not to bar us from his companionship in paradise. May Allah grant the Islamic Pakistani Ummah a good alternative for this great military leader. Amen.

This ugly attack exposes the lies of the American president that America is following procedures when it is attacking with pilotless drones not to target anyone other than the Mujahideen, and that the women and children and innocent are not affected by these attacks.

But this time the pilotless drones targeted one of the houses in the midst of a populated area, which led to the wounding of the wife of the brother Badr Mansoor, may Allah have mercy upon him. And the enemy was able to wait, after having specified the target, for the

brother to leave his house and then target him, but how can they stop the jaws that had become used to licking the blood of Muslims from drinking the blood without having the right.

And this attack and other drone attacks expose the truth of the play of the public tension in Pakistani-American relations. And many people thought after the American attack on the Salalah checkpoint of the Pakistani army, and were optimistic that the Pakistani army and government will remove on the ground all the signs of American slavery off of their necks and that they had begun to think of stopping the bloodshed of its people. But the Mujahideen knew the truth from that time, and today they also know well that the military leadership and Pakistani military lobby has been in the embrace of America since the 50s, and America is the one that is coordinating and organizing the units of the Pakistani army, and a system for the nurturing army is being prepared under the supervision and directives of America, since Britain left from here. And all the weapons and planes that are owned by the Pakistani army were given to them by America. The army resorts to getting every part of its equipment from America, and the army believes that the provider is America and not Allah. How can this organization then dare to show the truth of the situation to the eyes of America? And the truth is that the elephant shows teeth but eats with another set of teeth, and thus on the one hand, you have the inauguration of the play of the Cold War of the Pakistani-American relationship so as to make right the reputation of the army that had been slandered by its participation in the shedding of the blood of millions of neighboring Muslims and committing massacres in the name of its people in the tribal areas and Swat and Balochistan. But on the other hand, the realities on the ground prove that they are being cunning and are building nets and traps to kill their own people, and offering the corpses of the martyrs as gifts to America so that it approves of them, and increasing the cooperation between them day after day in their attempts to exterminate and remove the worship of Jihad in a final manner. And the clearest proof of this cooperation between them is that when the pilotless drone attacks began again after a short break, there was special focus on targeting the Pakistani Mujahideen and killing them. And America increased its activity to target those targets that are desired by the Pakistani army.

Till when will the government and army throw ash in the eyes of the people? Then, state with all impudence these lies that "We do not allow or give authorization for the pilotless drone attacks, and we condemn these drone attacks, and we are against these attacks."

If you are against these attacks, then why does every spy who is captured confess that they were tasked in this ugly work by the majors and colonels who sit in the Pakistani military councils that are in Miran Shah and Wana.

And why have the military jets of the Pakistani air force bombed for a continuous six months, without cessation, the public areas and mosques and markets of the Mehsud area, but they do not move to shoot down those drones that slowly roam the skies of Pakistan, despite the fact that these drones do not suddenly attack but instead keep on patrolling the skies continuously for almost one month. And do the radars of the Pakistani army fail every time?

The truth is that the system of the drones works completely with the approval of the army of Pakistan and with its authorization and cooperation, and that the Pakistani army is responsible to the same extent as the American army in shedding blood without the right through pilotless drones in the tribal areas.

My beloved Pakistani people!

Today, one of yours sons sacrificed himself in the name of guarding your borders of faith so as to repulse the joint aggression that was launched by America and its agents. He watered the blessed plant of the regime of al-Mustafa, may Allah's prayers and peace be upon him, in Pakistan with his blood, and he went wishing from his Lord that this sapling will tomorrow be a sturdy tree that will relieve the oppressed Muslims of this area in its cool shade, and the sweet fruits of these trees will make them forge the hardships of their humiliated life that had been spent under the European regime.

O beloved Ummah!

If you do not know the state of your sons who are offering the sacrifice of their souls and money and people all for your future now and in the hereafter, and who went out of their homes to the battlefields because of your burden, and who are steadfast in the fields for your joys, and who want nothing for themselves, and who wish only for your comfort, and who wish to free you from all worship except for that for Allah, and who wish to remove the hateful foreign regime and bring forth the spring of the Shari'ah of Muhammad the Arab, may Allah's prayers and peace be upon him.

So if you got up to the extent of your sons today and stand on their backs, then Allah will approve of you, and it will no longer be difficult with granting of success from Allah to defeat the enemies who have been placed over you.

The Almighty says:

﴿ يَا أَيُّهَا الَّذِينَ آمَنُوا إِن تَنصُرُوا اللَّهَ يَنصُرْكُمْ وَيُثَبِّتْ أَقْدَامَكُمْ وَالَّذِينَ كَفَرُوا فَتَعَسَا لَهُمْ وَأَضَلَّ أَعْمَالَهُمْ ﴾

“O ye who believe! If ye will aid the cause of Allah, He will aid you, and plant your feet firmly. But those who reject Allah, for them is destruction, and Allah will render their deeds astray from their mark.” (Muhammad: 7-8)

And we ask Allah the Almighty to accept the martyrdom of our beloved brother Badr Mansoor, and to grant to his family and all his loved ones beautiful patience and a great reward, and to make this pure blood a reason to increase the steadfastness of the Mujahideen on this path, and for Allah the Almighty to liberate all the people of Pakistan and the Islamic Ummah from the grip of the infidels and their agents with a full liberation and to grant them the blessed regime for the Caliphate on the path of the Prophet. Amen!

And our final prayer is that all praise be to Allah, the Lord of all that exists.
