Statement about the blowing up of the Criminal Security building - Idlib - Industrial Zone

All praise and thanks be to Allah and blessings be upon His prophet, his household and his companions, to proceed:

On Friday the 8<sup>th</sup> of June 2012 at 5:37 am; the Eastern Region police station was targeted, which is located in the Industrial Zone of glorious Idlib, this building consists of three floors and is also used by the Shabiha and at least 100 figures were present in this den and it might reach 250 between officer, noncommissioned officers, servicemen and Shabiha.

Alhamdulillah this den has been destroyed and all who were in it were killed, and those who weren't killed are few but they sustained very severe injuries.

Method of targeting:

One of the combat detachment detonated a Kia truck with an IED weighing 1 ton of explosives, then this detachment accompanied this truck, and the road was open for it

by lifting some of the artificial barriers which were kept the security to prevent the Mujahidin from reaching the building by one of the brothers, and another brother delivered the truck to the target then he retreated towards the executing detachment which protected him until he returned, and then the brother detonated the truck through a remote control and they returned to their camp safely Alhamdulillah.

By the grace of Allah the building was destroyed with those inside, and the lying regime media tried to cover up the operation but it couldn't so it delayed acknowledging it, and made montage operations for the recording conducted by the regime; to try to conceal the true size of the operation, despite of that the building appeared completely demolished Alhamdulillah.

O' Allah facilitate for us the ways of obeying you, making jihad for your sake and killing your enemies you are the All Hearing and the Answerer.

And Allah is the master of His affair, but most people do not know
