Front of Support – Statement no. 31

Blasting State Security branch - Damascus Rif – Sayyidah Zaynab

All praise is due to Allah, let there be no transgression except against the wrongdoers, and peace and blessings be upon our messenger, the seal of all prophets; to proceed:

There many operations carried out by the Front of Support, may Allah Almighty give it pride, against the dens of the oppressors and the cells of the unjust, and by the facilitation of Allah Almighty was the blowing up of the State Security branch in the Sayyidah Zaynab neighborhood in Damascus Rif, and this branch is similar to its likes from the centers of injustice and oppression in its tyranny against Sunni people in Al-Sham.

On Thursday 2012/06/14 the martyrdom seeker Abu Mu'awiya Al-Dimashqi may Allah accept him penetrated the arena of the branch driving a Van carrying death to the supporters of oppressors, and the guards have fired on him but he was able Alhamdulillah to reach the building to execute and turn it to rubble and inflict many dead and wounded in the ranks of the State Security elements.

Here we say a word to every security branch that you are on the list, and we won't be discouraged by your fortifications that you are building, nor your barriers that you are putting, since the soldiers and the lions of the Front are preparing for you Allah willing, and Allah have promised to destroy the oppressors.

And Allah is the master of His affair, but most people do not know
