Jumada al-Akhera 1438 Hijri

“And they witnessed (All) that they were doing Against the Believers. And they ill-treated them For no other reason than That they believed in Allah, Exalted in Power, Worthy of all Praise!” (Al-Buruj 7-8)

The tragedy of the Muslims did not end while they saw the grandsons of the pigs and monkeys ruining our stolen al-Aqsa and committing evil acts against our Palestinian people...

And their tragedy did not end while they saw the calamities that our Muslim people are being subjected to in Burma and Central Africa at the hands of the Buddhists and the Crusaders...

And their tragedy did not end with them seeing the Sunni people in Iraq and Sham being tortured at the hands of the evil Rafida and hateful Nusayris...

All that we mentioned had not stopped, as well as other things we did not mention, before we awoke to the perpetrating of a new crime to be added to the record of shame of the enemies of the group and the Ummah - a crime that happened in front of the whole world, including the Crusader West that invaded our land and came with tanks to spread the values of civilization, rights and freedom!! And we hear not a whisper from those people.

In shameful scenes that even the foreign animals would not do, the criminals of the gangs of the agent of America the criminal Haftar, and some of those attribute themselves to the Salaf - and the Salaf are free of their criminality and evil - and some of the remnants of the dead Qaddafi, who are all brought together by deep hatred of the honorable ones from the grandsons of Omar al-Mukhtar and who had risen up for their dignity and in support of the Shari'ah of their Lord...

So the criminal militias attacked the sanctity of the dead after they had stepped on the sanctity and dignity of the living. Their sick selves made them exhume the graves of the martyrs, and take the corpses of the honorable Mujahideen and revolutionaries, and drag them through the streets of Benghazi and hang them on the gates of their military barracks... They did not exclude the corpse of a man or woman, young or old, as if they are Rafida or Buddhists or Jews... Revenge and hatred filled their hearts, such that there is no more sanctity for the living or the dead with them.

Those pure corpses which Allah had established as a proof and argument against the alliance of evil and infidelity, where Allah preserved them from decomposition, as if the people had just been martyred...

This condemnable crime came after other crimes, that began with the siege on the oppressed Muslims in the Qanfudah area and which killed many of them from thirst and hunger, not to mention the violent ceaseless shelling - a siege in which the Arab agent, apostate republics and kingdoms participated, headed by the Emirates and Sisi of Egypt and his apostate army, with exposed Americana and French support.

This evil act is a mark of shame on the world of hypocrisy that instigates the Muslim peoples, and it is also a mark of shame on the forehead of the Ummah, erased only by the swords of righteousness wielded by the youth of Islam, to cut off with them the criminal, sinful hand that dared to insult the Muslim, dead or alive. And it is only erased by the brigades of faith as they attack the thrones of the tyrants, so that they will follow those came before them into the trash heaps of history.

“And soon will the unjust assailants know what vicissitudes their affairs will take!” (Ash-Shu'ara 227)
