Whoever fights them with his hand is a believer
Whoever fights them with his tongue is a believer

Since the start of the so-called 'War on Terror', the Mujahideen have repeatedly stated that it is not a war against a select few who fight the Zionist-Crusader enemy so as to bleed it to death. Rather, it is a continuation of the war on Islam; a war on every free honorable Muslim who wants for his oppressed Ummah honor and glory; a war on sincere scholars and callers to Allah who wish the best for their Ummah; a war for the continued theft of the natural resources and wealth of the Ummah.

It was among the blessings of Allah on this Ummah that the open fronts of war in several countries lit the way for the youth, scholars, students of knowledge and the youth. This made it possible for them to join the Jihad in defense of their Religion, their Ummah and its sanctities. However, due to the severity of this path and the tremendous sacrifices it demands, some scholars and callers to Allah preferred to work for Islam within the parameters of a grey zone. However, the tyrannical regimes imposed on the Ummah and specifically the Saudi regime, can no longer tolerate even this. They seek nothing less from the scholars and students of knowledge than total support of every step taken by the government, even if it is open disbelief. And whoever refuses to fall in line completely ends up behind bars.

So O' scholars and callers to Islam! Silence, outward displays of moderation, and disavowal of Mujahideen will not save us from the tyranny and control of the criminals; it will only aggravate their despotism and arrogance. This then is the message of the Mujahideen for our Shuyukh and imprisoned brothers: We worship Allah by helping the oppressed and subjugated Muslims, regardless of the differences in our opinions and stances. And to our people in the Arabian Peninsula we say: How can the grandsons of the Prophet (pbuh) and his Companions become slaves of the Family of Saud and its fool headed tyrants? Is it not high time that you rise in support of your Religion and your imprisoned scholars and callers to Allah?

To conclude, we are publishing once again the 'Charter for the Support of Islam' as a reminder for those working to support Islamic causes and Muslims. So let us all unite in a single rank against Disbelief and its allies.
