Statement denying any organizational link to those killed In an american airstricke in Uwaynat in southwest of Libya

All praise is due to Allah, who said in His Book: "It is only those who believe not in the proofs of Allah, who fabricate falsehood, and it is they who are liars." [An-Nahl 105]

And peace and prayers be upon the most honourable of the Prophets and the Messengers.

In the context of its dastardly efforts to occupy the lands of the Muslims, and to control and humiliation their people and seize their resources, and as they continue to fabricate and deceive, the U.S. Command in Africa (AFRICOM) published a statement on the **30th of November 2018**, in which it said it was able to eliminate 11 members of Qaedat al-Jihad in the Islamic Maghreb, who were ripped apart and burned in three vehicles they were in, where they were targeted in the area of Uwaynat one day before its issuance. It claimed that the strike was accurate and had been done in coordination with the agent government of Saraaj in Tripoli!

We in Qaedat al-Jihad in the Islamic Maghreb categorically deny any organizational link to those innocent Muslims targeted in Uwaynat in southwest Libya, asking Allah to cover them with His mercy and accept them among the martyrs. We confirm what media reports said according to notables in the area, that those who were targeted were a group of Tuareg youth with no link to the organization, where they congregated at the house of one of their relatives who had been kidnapped along with others by gangs, and they left - may Allah accept them among the martyrs - in a convoy of four cars. They were unjustly bombed by one of the American drones hovering at the time over Ubari city, and that rarely leave its skies.

The systematic and repeated targeting of the Tuareg tribe is a satanic plot woven by America and France, and instigated by the puppet government of Saraaj, which provokes its masters to target the Tuareg through false information and spurious, malicious reports!

This puppet government, which came on the back of the frigate of the Italian occupier, is merely a vehicle to provide what they call the "legal cover" to give justification to the armies of America, France, Italy and others in our beloved Maghreb.

The efforts of America and France to change the demographics and the presence of the Tuareg population in the south of Libya are no secret to anyone. The attacks on them have been repeated with obvious disregard for the blood of this noble tribe, in order to displace them from the region and bring them to serve the interests of the Crusader occupier, and in serving those interests.

The arrogance of America has exceeded the borders, as the drones hardly leave the skies of the areas where the Tuareg are spread in southern Libya, ignoring all respect for the honour of the Muslims and their religion, customs, and traditions. Truly, these drones spy on the houses of Muslim, and the free and chaste in southern Libya have grown tired of these aircraft!

In conclusion, we in Qaedat al-Jihad in the Islamic Maghreb, as we condole the people of the dead - asking Allah to accept them among the martyrs - and support their families, we urge them not to remain silent about this terrible crime. We also call on all Tuaregs to stand together with the families of the martyrs. Concerning the American disregard for the blood of the Tuaregs and their honour, it is not reasonable to see the government of the puppet Saraaj but as a puppet in the hands of the occupier invaders and aggressors, for it is complicit with them by providing cover and perhaps even inciting to target you!

We also call upon all members of the Touareg tribe to stand up to the presence of American drones and bases spread in the Islamic Maghreb, especially the base of the "Agadez" in the north of Niger, where most of these aircraft fly out, by all

Shari'ah means available, as these drones are killing your brothers on mere suspicion.

It is also necessary to stand in the face of every puppet who allows himself to stand in the ranks of the Crusader occupier against his Ummah, his religion, and his people. Expose these agents and remove from them the tribal and social cover and punish them for their heinous acts.

O Allah! Fight the infidels who stand in Your way and say Your prophets are liars and do not believe in Your promise! O Allah! Make them argue and cast terror in their hearts, and lay upon them Your anger and torture, O Lord of righteousness!

O Allah! Fight America and all those allied to it, kill them and leave none of them, O Lord of the Worlds!

Peace and prayers be upon our Prophet Muhammad and upon his family and companions.

Our last supplicate is all praise is due to Allah, the Lord of the Worlds.

”And Allah is predominant over his affair, but most of the people do not know” [Yousef: 21]
